ONLINE MBA APRIL 2025 INTAKE

Online Delivery

Preparation Phase: July to September 2026
Supervised Phase: October 2026 to April 2027

Summative assessment date

Date to be confirmed by 11:59am UK-time

2027

GRADUATION

June/July 2027

NOTES

Option Modules: Two option modules to be completed in total from International, Online and Taught modules sections

Where modules are delivered in block taught format - Students are responsible for booking flights, accommodation and for subsistence. Where applicable students may need to secure a visa dependent on the destination. All associated costs are the students' responsibility.

Delivery of modules on an in-person format is dependent on Government (UK and destination) guidance at that time

Students choosing the International modules may defer the module once for exceptional circumstances to the next occasion after which they must select an alternate option module.

All dates correct at time of press

Durham University reserves the right to vary timetables where necessary for operational reasons
