

## USTINOV COLLEGE GLOBAL CITIZENSHIP PROGRAMME AND SCHOLARSHIPS

Dear student,

Congratulations on joining Ustinov College; we are delighted to welcome you to our community and wanted to let you know that applications are now open to the **Ustinov College Global Citizenship Programme & Scholarships 2023-2024**.

We are delighted to confirm that the application process for the Global Citizenship Programme 2023-24 is now open! The Global Citizenship Programme (GCP) and Scholarships were established to build a strong academic community and scholarly programme at Ustinov College; to foster critical literacy, intercultural communication and interdisciplinarity; and to provide a space for ongoing exploration of global citizenship in theory and practice.

The GCP offers leadership roles and scholarship opportunities for full-time postgraduate students, who are able to advance their research through community engagement and acquire a set of transferable skills both for academic and non-academic fields. Successful applicants will organise a range of academic, social, and cultural events and projects, including seminars and discussion groups, research forums, development sessions and academic conferences.

For 2023-24, the GCP will have a new structure to previous years; we are seeking to appoint five scholars who will work together as part of a multi-disciplinary team to create and deliver events under the following core projects:

Core projects
Cafe Scientifique
Cafe Politique
Cafe des Arts
Ustinov Intercultural Forum
North East Local History

### Volunteering activities in college

We are seeking to appoint two further positions for scholars who will focus on organising and delivering volunteering activities in college. The minimum expectation would be two volunteering events to be delivered each term.

As a combined GCP team of seven, the team will also deliver the Ustinov Annual Conference (held in June every year) and will offer support with the Ustinov Art Exhibition (typically held in the summer each year). Each GCP scholar will receive a £3000 scholarship for their contribution to the GCP across the full academic year.

### Editorial and media positions

One £4000 scholarship is available for the position of Editor of The Ustinovian and Pantomath. The Ustinovian is the College Magazine and is published three times every year. Pantomath is the College's scholarly journal and is published once a year, in the summer. This is a substantial position

and requires a dedicated and enthusiastic applicant who will be expected to recruit volunteers to assist with content creation and design.

One £1000 scholarship is available for a GCP photographer who will be expected to attend GCP events and ensure good quality photography is available for College promotional purposes as well as contributing to The Ustinovian. The successful applicant will need to demonstrate experience in photography and/or film and media as part of their application. There is an expectation that the photographer will be present at as many GCP events as possible throughout the year, to some extent, in order to ensure good quality imagery is available.

For full details of available roles and responsibilities, scholarship details, fellowship details, eligibility criteria, and the GCP application process itself, please visit: [Global Citizenship Programme & Scholarship - Durham University](#).

**The application process will close on 31 July 2023 so don't delay; apply now!**

Best wishes, Sarah

**Sarah Prescott**
