# Welcome!

---

*“Well done; you’ve made it through. Now you have to make a decision about which offer to accept as your firm choice. This decision is not just about the next three years; it will shape your journey in life. I very much hope it will be the offer from Durham University that you choose to accept. By experiencing a little bit of life as a Durham University student, getting to know the University by participating in a range of interactive programmes, Post-offer Visit Days provide unique insights into Durham’s distinctive educational opportunities and vibrant student experiences. You can be sure that your college will extend a warm welcome and offer insight into the social and support sides of student life. You’ll learn about Durham’s unrivalled opportunities for pursuing extra-curricular interests. Each option includes dedicated time with your academic department, with a programme of engaging activities designed to deepen your course understanding. Please join us at a Post-offer Visit Day. Be curious, ask questions, observe others, participate in programmes, explore buildings, examine course structures, have fun. Above all else, experience the Durham Difference. On behalf of the entire Durham University community, I wish you a very successful and enjoyable visit to Durham University.”*

**“Congratulations! You’ve received an offer from Durham University. This is no small achievement against what will have undoubtedly been strong competition.”**  
**Tony Fawcett,**  
**Acting Pro-Vice Chancellor**  
**(Education)**

*“May I offer my congratulations on receiving an offer from Durham University – an impressive accomplishment! The next milestone in your journey is the Post-offer Visit Day. We hope this will make your decision about your firm choice far more certain; we understand that it is an important decision that will shape the rest of your life. In addition to helping you get to know your department, these visit days aim to give you an insight into the outstanding student experience that Durham University offers beyond your academic programme. We believe this wider student experience, centred on the Durham collegiate system, is unique and will give you the tools to flourish in your future life.*

*The 16 Colleges are welcoming, stimulating and enabling communities that provide the perfect framework for personal enrichment and support, at a scale that is far more human and relatable than you will find at nearly any other institution.*

*They will help develop your intellectual curiosity through a programme of multidisciplinary discussions and events, often learning from some of the world’s leading experts as well as your peers; you will have many opportunities to share ideas with and learn from academics and fellow students in all the University’s Departments. The Colleges, supported by the Student Enrichment Directorate and the Students’ Union, also provide opportunities for participation across a huge range of sports, music, drama, and other activities. Standards range from international elite level all the way to just having fun; come and get involved – no one is excluded!*

*In addition, Durham University gives you the opportunity to think about your place as a global citizen and how you can learn from others, as well as what a difference you can make to those around you. For example, we lead the way nationally for student volunteering; and our Colleges’ student communities are themselves driven by teams of students who take on the responsibility of leading and enabling their peers.*

*During your visit, you will meet many current students. I encourage you to ask them questions and to hear their stories – they are themselves the greatest examples of the transformative experience Durham University provides. After experiencing a real taste of life as a Durham student, I hope you choose to accept your offer from us. On behalf of the staff and students here at Durham University, I wish you a very enjoyable and informative visit. We love it here – we hope you will too.”*

# Help With Travel and Accommodation

## Event Bursary

You may be able to claim an Event Bursary of up to a maximum of £200 per undergraduate offer holder for travel and accommodation costs associated with attendance at one of our Post-offer Visit Days. We will include the information and link to the application form in your booking confirmation so keep a look out!

Claiming couldn't be easier. Firstly you need to fill in the [Event Bursary Application form](#) and upload your evidence.

We will assess your evidence before you arrive and let you know if you have been successful.

All you then need to do is visit our Event Bursary Claim Desk, on your visit day, located in the Teaching and Learning Centre (Map Ref 50:D6), between 9:30 am and 4:00 pm, and speak with a staff member.

**You must register at the Event Bursary Claim Desk on the day to confirm your attendance at the event.**

In order to claim you will need to provide the following when you apply:

- Evidence that shows you are in receipt of government-funded and income-assessed financial support from your college or sixth form such as a 16-19 bursary or free school meals.

AND

- Evidence that shows you are a student at a state-maintained school/college\*.

or

- Evidence which shows you are care experienced and/or estranged (CEES).\*\*

or

- Evidence that shows you are studying at an independent school and in receipt of a full scholarship awarded on the grounds of financial hardship.

or

- Have successfully completed one of the following Access and Participation schemes with Durham University:
  - STEP
  - Sutton Trust Summer School
  - Supported Progression.

\* includes Academy and Grammar school sixth forms.

\*\* 'CEES' refers to anyone who is care experienced and/or estranged. 'Care experienced' means anyone who has been, or is currently, in care. This care may have been provided in many different settings, including living with foster carers; living in a residential children's home; being looked after at home under a supervision order; living with friends or relatives in kinship care. 'Estranged' students are those aged 18-24 who are not communicating with either of their biological or adoptive parents due to an irreconcilable breakdown in their relationships with them.

*Please note receipt of child benefit for the offer holder is not sufficient evidence. Unfortunately we are unable to make payments retrospectively.*

# Planning Your Visit

Our Post-offer Visit Days start from 9.30 am and run until 4:30 pm.

### Visit colleges 9.30 am until 12.30 pm

Our colleges are open for you to drop in and find out more about what our colleges have to offer. All of our colleges are unique, feel free to explore as many as you can during this time but we would recommend choosing a maximum of three to visit, as you won't be able to fit in all 16! Take some time beforehand to research the features of each college and which ones you might like to prioritise.

**12.30 pm - 1.30 pm** Take a break, grab some lunch.

### Visit your department 1.30 pm until 4.30 pm

You will attend your department session where you will have the opportunity to learn more about your course and ask any questions that you have to staff and students. You can find the locations of where each session is taking place on page 10 of the guide.

### OFFER HOLDERS STUDYING MORE THAN ONE SUBJECT:

We would recommend attending the academic experience which is of most interest to you. Unfortunately, due to time constraints, we are only able to provide one academic experience per day. Alternatively, you can book to attend multiple visit days.

### Don't forget

You can take the opportunity to visit our Information Hub in the Teaching and Learning Centre between 9.30 pm - 1.30 pm where you will find a range of stands providing information about different University services. You can also drop into some Professional Support Services in our Palatine Centre or pop along to the Sports and Wellbeing Park. Take a look at page 11 and 12 to view locations.

*"Everything about the visit day was excellent. Before it, Durham was maybe my 2nd or 3rd choice, but now it is definitely my 1st."*

**Post-offer Visit Day offer holder 2022.**

*"It was absolutely brilliant, huge thanks..., I thoroughly enjoyed it. "*

Choose a maximum of 3 colleges to visit on the day, you won't be able to fit in all 16. Plan your college visits so you visit all the colleges with the red or blue location colours together. This will save you time and reduce the need to walk backwards and forwards up and down the hills!

# Walking Times

Being a student in Durham will require you to use your own steam to get around! It is often quicker to walk than it is to get in a car or use public transport.

Our buildings are spread across the city, however, the city itself is not very big and everything is within walking distance. We have included some of the approximate walking times below to help you with planning your day. These times do however depend on how fast you walk! You can also use Google Maps to plan your walking route and find out how long it will take you to move between venues.

### Top Tip!

It's often quicker to walk around Durham rather than taking the bus. Make sure to wear comfortable footwear in Durham as there's quite a few hills and some uneven cobbled streets.

## Libraries, Museums and Study Facilities

The Bill Bryson Library (Map Ref 17:E6) is the largest of the University’s libraries and provides access to resources for all subjects. It has 1800 study spaces including individual and group study rooms, collaborative and quiet study areas as well as a café. Access is provided to 1.6 million printed books, 19,000 e-journals and over 400,000 e-books and other digital items. Many Colleges also have small libraries and study rooms. You can visit the Bill Bryson Library to take a self-guided tour between 9.30 am and 1.30 pm.

There is a library at Durham University Business School, and Leazes Road Library supports the School of Education and provides study space for all students.

We also have a further two locations to mention, boasting Durham University’s world-class collections of art, archaeology, archives, rare books and manuscripts:

Palace Green Library, located between the Castle and Cathedral, (Map Ref 37:D3) was once the main University Library, it incorporates buildings dating back to the 15th century. It now houses the University’s extensive archives and special collections, accessed in the Barker Research Library, which also provides 60 quiet student study spaces, galleries with both permanent and changing exhibitions, and events for families and school groups throughout the year.

The Oriental Museum, just off Mill Hill Lane opposite Van Mildert College (Map Ref 69:B8). It is home to galleries with both permanent and changing exhibitions, and events for families and schools groups throughout the year.

Galleries and collections in both venues support the University’s research and teaching across the faculties, from foundation studies to doctoral level. Students are entitled to free entry to galleries and some enlist as volunteers or take up placement opportunities as part of their career development. A diverse programme of special events and temporary exhibitions ensures that there is always something new to see and do.

### Student Experience Directorate

---

Alongside academic excellence we place high value on providing experiences that will stretch and develop you. Experiences may happen inside colleges, through intercollege competitions, within the Students' Union or as part of the multitude of activities co-ordinated under the Student Experience Directorate.

The Directorate is responsible for co-ordinating university sport, staff and student volunteering and outreach, student theatre and music. Take a look at the sections below to find out how to explore more of each aspect.

### DU Student Volunteering and Outreach

---

Students have endless opportunities to get involved with volunteering activities either within the University-wide, student-led, volunteering programme or with their college, department, society, or club. Last year more than 2500 students volunteered in the community, supporting over 500 opportunities, across the themes of culture, education, environment, social action, and sport and wellbeing. The direction and focus of volunteering at Durham is driven by an elected student executive committee. DUSVO (Durham University Student Volunteering and Outreach) is the largest volunteering organisation at Durham with over 25 student-led, community focussed projects and more than 50 student leadership opportunities.

Supporting over 100 local schools, charities and organisations, there are a wealth of opportunities available to students, but if you do not find what you are looking for, you can propose a new initiative, which you will be supported with.

To round up each year of success, we hold an annual celebration for all of our volunteers at the Durham University Volunteer Awards, where we recognise volunteers achievements and the positive impact they have had on the community. Why not pop along to our stand on the top floor of the Teaching and Learning Centre (Map Ref 50:D6) between 9.30 am - 1.30 pm.

## Team Durham

Sport at Durham focuses on the core strands of performance, leadership, participation and community outreach. More than 75% of our students take part in sports on a regular basis. Our philosophy is to provide opportunities in sport to enable exceptional people to do exceptional things.

Here, you'll meet different people and find a warm welcome to the things you care about and the new things you want to try. Associations bring together students from underrepresented groups to provide safe spaces to meet, make friends, lobby for change, and make sure that everyone feels at home in Durham

Durham SU is housed in Dunelm House (Map Ref 35:D4), the iconic concrete building on New Elvet, overlooking the Cathedral, the River Wear and Kingsgate Bridge. In the building you'll find wonderful events and activities run by students, as well as plenty of study space.

Kingsgate Bar & Café will be ready to fuel your day with coffee (or tea) that does good (every penny of profit goes back to students). Whether you're after a lunch break from your hectic schedule, a hot chocolate on a cold afternoon, a glass of fizz to celebrate the good times, or cake, because we never need an excuse for cake!

If you need a helping hand while at Durham, the Union's Advice Service is there for you, offering independent support and resources across a variety of issues. They are the only independent student advice service for Durham students, and provide support on a range of issues, like academic, housing, and financial advice.
